	"Improvement in the arrangement of matter in the Mysore Gazette" -
19	19 In this and the linked file the question discussed is the revision of the arrangement of the matter appearing in the Mysore Gazette
W	20. The points raised, and the suggestions given by the several officers consulted, are enumerated below. The precedents, and the practice else-where obtaining, are also noted in each case. I have also ventured to make a few suggestions as to which of these proposals may be adopted and which not.
21	21- First point Does the Gazette need any enlargement & further division into more parts.
W	22 The Gazette at present consists of 4 parts in which are published the matters shown against each.
	Part I Notifns by Govt in their several Departments
	Part II Notifns by the several Heads of Depts, Dy: Comrs of Dts, the Dt Officers; Public and Private Advertisements and Vacancies

27. Mr Madhava Rao's Suggestion has a logical basis, and may be adopted.

28. Re Enlargement of the Gazette the proposal has been made by Mr V. that all papers placed at the disposa of the Press should appear in Part VI This will unduly Swell the Gazette which is bulky enough as it is. A list of such papers is always published & Copies are available for Sale to the public at a trifling price, and if any body Cares to possess Copies he may Easily buy them.

29. Only important Govt orders may therefor be continued to be published in this part. If these are not sufficiently numerous to justify the Existence of a Separate part; Notifications & Notices in which the public are interested such as which are not Advertisements properly so called such as & the Notifns of the Govt of India & foreign Govt: Republished in the Mysore Gazette, &c which now appear in Parts I & IV indifferently may

here-after appear in the proposed part VI 30.2 point. In what order should the notifications of the several Departments appear and what should be done to distinguish them clearly from one another.

31. The earliest order on the Subject is G.O. M 1911 dated 17th Sept. 1908, and the latest, G.O. No. G 1854 - G. M 114-15 dated 11th August 1915. These however indicate merely the order in which the several Departmental notifns (Department being understood as synonymous with the Secretariat from which the notifn issues & not Department properly so called) should be published, but they do not indicate the order in which the departments properly so called included in that Department should appear. Thus the General Secretariat deals with the following Departments Judicial, Police, Military, Medical & Sanitary, Geology & Mining, & General Miscellaneous, the Rev. Sectt. deals with Revenue, Excise, Local Funds, Municipal, Stamps, Registration, Muzrai etc.

32. The question is Whether the notifns relating to these departments should

File No. 114 of 1915-16

all appear ~~in one place~~ in Chronological order in different sections or the notifications may appear in Chronological order irrespective of Departments.

33. The first seems to be the better arrangements. If this view is approved the order of the departments may be prescribed to be the same as that shown in the Revised office Manual

34. As regards the notifications of the several departments (Sects) which are now complained to run into one another a thick rule across the entire width of the page may be ordered to be drawn, ~~the distinguish~~ as in the Govt of India and Fort St George Gazette to distinguish them from one another

35. 3rd point should a separate heading be retained for showing appointments, etc, and what appointments should be shown there

36. Prior to 20.7.1905 notifications regarding appointments transfers leave etc used to be published promiscuously along with other miscellaneous notifications

But in accordance with G.O.R.S 96-639 542-04-2 dated 4-7-1905, these Notifications in the General and Revenue Department only are separated from other Miscellaneous notifications and printed under a separate heading— "Civil appointments". This follows the Bombay practice.

37. But the practice is confined only to appointments etc in the General and Rev: Deptt. & does such notifns in other Depts appear promiscuously.

38. It is a point for orders whether notifns regarding appointments leave etc to whatever department belonging may not be brought together in the very beginning of Part I, under the heading "Appointments" simply, instead of "Civil Appointments". Of Course, they will appear in different Sections according to the Depts to which they belong over the signatures of the respective Secretaries to Govt:

39. This is the proposal of the Mr. Madhavadas & Ramachandra Moodeliar & may be adopted. The portion of the Gazette

NOTE—Contn. sheet.

GPB—20,000—30-6-15

relating to appointments is the one usually read with the greatest interest & to which the greatest importance is attached & it will consequently be in the fitness of things if such notifications appear in the very beginning of the Gazette.

40. 4th point. What should be done to show conspicuously notifications to which special prominence is intended to be given.

41 The Secretariat must in each case give special instructions according to circumstances; otherwise the Press will not be in a position to know what is important & what is not

42 Miscellaneous proposals

(1) Publication of a Blue book quarterly - This has been ordered to lie over for the present

(2) Proposal of Comptroller to make a separate part of public advertisements & to sell the same separately — Not viewed with favour.

5 Instead of publishing the decisions separately; it will perhaps be convenient & economical to publish it in the Gazette. As these decisions along with important Govt.
